

A FORGED FOSTER CAMPAIGN CIRCULAR

Gotten Out In Hopes of Injuring Him In Campaign.

There has been posted at the Elks' Club a circular purporting to be signed by F. H. Foster, candidate for County Attorney on the Republican ticket, calculated to appeal to the prejudices of the club members and baseball men in the city. Mr. Foster denies that he ever issued it or authorized its issue by the following signed statement:

"The circular addressed 'To The Voters,' and purporting to be signed by F. H. Foster is the dirtiest piece of politics ever practiced in Shawnee county.

"The creature who wrote it lacks decency and manliness.

"It is absolutely a lie, and unequivocally a forgery. (Signed) "FRANK H. FOSTER."

\$50 REWARD

Fifty dollars (\$50) reward will be paid for the name or names of the person or persons who prepared the circular addressed "To The Voters" and purporting to be signed by "F. H. Foster" and posted in several clubs in the city. Such name or names to be furnished me at 9 o'clock a. m., Tuesday, November 6, 1906. The people are entitled to know the names of such cowardly forgers.

S. G. STEWART,
Chairman Law and Order Campaign Committee.

NORTH TOPEKA.

Leave Home for this column with Kimball Printing Co., 213 North Kansas avenue.

Mrs. F. S. Fiedlerling of Elmont will be the guest this week of her son, George Fiedlerling, and family of Seward avenue.

Ed Dufrane of Florence is visiting his mother in town today.

W. M. Cline spent Sunday in Kansas City.

Mr. and Mrs. G. W. R. Ward and daughter, Miss Jennie Ward, were in town today from Menoken township.

Mrs. H. C. McKinley returned Saturday from Tulsa, I. T., where she has been visiting her daughter, Mrs. Taylor, for the past few weeks.

R. L. Anderson of the Pouchard Hardware company, went to Grantville today to put in a furnace in the house of A. L. Brooks.

Mrs. Charles Robinson and children of Shorey, left yesterday for Kansas City to join Mr. Robinson in a permanent home. Mr. Robinson is now meat inspector in one of the packing houses in that place.

S. C. Hughes of Silver Lake was a North side visitor today.

Mr. Will Offrey was the guest yesterday of his sister, Miss May Offrey, and of Mr. and Mrs. Fred Buchner of 824 Quincy street. About two months ago young Offrey had one of his feet mangled while attempting to board a train at Junction City and since then he has been at Dr. Kelth's hospital.

Yesterday was one of his first trips out.

T. M. Aderhold of Zeigler, Ill., was in Topeka a short time Saturday. He was en route to his home from Valley Falls where he was called by the death of his father, Mr. George Aderhold, and stopped off here to look after property interests. Mr. Aderhold, who is now in charge of the Zeigler hospital at Zeigler, Ill., well remembered by many of the citizens of North Topeka. He spent his boyhood here, attended the public school and Washburn college, and later studied medicine in Chicago.

C. M. Essig returned to his home in Kansas City last evening after a visit of several days to the W. Lukens family on Rochester hill.

M. Thompson of 1016 Quincy street, who has been at Christ hospital receiving treatment, was able to return to his home last week.

The ladies of the old society of the Kansas Avenue M. E. church will meet for work at the church Wednesday. The members will stay all day and they are expected to bring a lunch dinner with them.

Last evening at the Church of the Good Shepherd, Mr. John R. Robinson of Liverpool, Eng., gave an interesting talk on India and compared the religion of the Hindus with the Mohammedans to the Christian religion.

Mr. Robinson took occasion to remark that so far as faithfulness to their belief is concerned the Christians can learn much from these poor heathens, as they regard them, and whom they are anxious to convert. In his remarks last evening Mr. Robinson described the different temples in Calcutta which are most beautiful. Of the Buddhist and Hindu temples, he was able to tell of the interior as visitors are allowed in them if they will not photograph any of the idols, but the Mohammedan mosque Mr. Robinson could only tell of the exterior as no one except those of the Mohammedan faith is ever allowed inside. Mr. Robinson has traveled extensively and has already made six trips to India. The work he says of converting these people is very difficult owing to the careless lives of the white people who come to India from England, France and Germany. To the natives all white people are Christians. They make no distinction. As the British government allows liquor to be brought freely to India there is much drinking and other vices. This the Mohammedans cannot understand and in his broken English will say when spoken to by the missionaries that he prefers the faith of Allah to that of Jesus Christ as Allah's children don't drink. Another way in which the Christian could emulate the Mohammedan is in his willingness to acknowledge his faith

could emulate the Mohammedan is in his willingness to acknowledge his faith in Allah, while at work on the quays at Calcutta stop his work at certain hours of the day and offer up his prayers amid the ridicule of the Europeans. Mr. Robinson has been in Topeka for the past week but expects to leave shortly for work under Bishop Millsap in the various missions of the state.

Mr. and Mrs. Charles Heartburg will move this week from 1315 Monroe street to 111 Garfield avenue, where they have recently purchased property.

Word has been received here of the birth of a daughter Friday to Mr. and Mrs. John Lee of Chicago, Ill. Mr. Lee is the son of the late Rev. Dr. J. N. Lee one of the founders of Bethany college, Topeka, and at one time rector of the Church of the Good Shepherd. The Lee family were for a number of years residents of Topeka and Mr. Lee attended Washburn college and later Harvard from which he was graduated in the class of '96. He is now a rising young lawyer of Chicago.

A CARD OF THANKS.

We desire to extend our sincere thanks to our neighbors and friends for the beautiful floral offerings and kindness shown during the illness and death of our beloved wife and mother.—D. F. Nelsender and family.

BOYVILLE IN INDIANA.

Will consist of 5,000 Inhabitants Living in Tents.

Chicago, Nov. 5.—A dispatch to the Tribune from Richmond, Ind., says:

A boys' town, populated by 5,000 boys, policed by boys, officers by boys, and for boys' own pleasures and instruction, is to be an attraction at the W. Va. assembly next year.

The trustees announced yesterday that they had authorized Judge Willis Brown of the juvenile court of Salt Lake City to take charge of such a project and organize a boys' municipality.

The boys will have a section of the grounds set apart for them. They will live in tents. The city will be the first of its kind in the United States.

In connection with the scheme will be a school for officers of the Y. M. C. A., Sunday schools, public schools, juvenile court judges and other students of the boy problem.

PALACE LEASES ANOTHER ROOM.

Gets Building Now Occupied by Chas. McClintock.

The Palace Clothing company has leased the room now occupied by Chas. McClintock at No. 707 Kansas avenue for a term of years from N. S. Sunderland the owner. Mr. McClintock was renting this room from month to month, never having had a lease for any length of time. The owner, desiring to make a long lease on this property, closed with the Palace.

There is no assurance as yet that the Palace will occupy this room.

More Teachers Than Students.

New York, Nov. 5.—A Boston special to the Tribune says that preparations have begun for the celebration next year of the centennial of Andover Theological seminary. There are only eleven students all told there now, but it has an endowment of \$1,000,000 and its professors outnumber the students. In the century just closing, however, 2,145 students have been graduated, a majority of them entering the Congregational ministry. Last year only six gained a degree. During the last six years sixteen students were the highest enrollment for any one year.

Squaw Men Shut Out.

Washington, Nov. 5.—The supreme court of the United States today affirmed the decision of the court of claims in the case of Daniel Redbird, the Cherokee nation and others versus the United States. The case involved the long pending claims of between 2,000 and 3,000 white persons to participate in the distribution of the lands and the funds of the Cherokee nation because of marriage with members of the tribe. There are over four million acres of land and the tribal funds are extensive. The decision was favorable to the Indians.

Everybody reads The State Journal.

TO READERS OF THE LADIES' HOME JOURNAL:

Did you read the article published by The Ladies' Home Journal in May 1904, attacking Dr. Pierce's Favorite Prescription? Have you seen the statement more recently made by Mr. Bok, the Editor of that magazine that his company "has not paid a single penny to Dr. R. V. Pierce's concern"? * * * in settlement of any suit? We wish you to know the truth. The facts are these:

Four days after the article in May 1904, appeared, Dr. Pierce's company sued The Ladies' Home Journal publishers for libel. The trial was had in April last. Dr. Pierce proved that the attack made by The Ladies' Home Journal was false. He proved that Dr. Pierce's Favorite Prescription does not, and never did contain either alcohol or any of the injurious drugs which The Ladies' Home Journal falsely stated it did contain. This was so conclusively shown that the attorneys for The Ladies' Home Journal were forced to admit it. The jury rendered a verdict against The Ladies' Home Journal in favor of Dr. Pierce's company for \$16,000.00. This was a complete vindication of Doctor Pierce and his "Favorite Prescription." It judicially established that the libel was wholly false, and without any justification.

Dr. Pierce, however, believed that his company is justly entitled to a verdict for a much larger sum. Through his attorneys he has, therefore, applied to the court for a new trial of the case. For this reason, and for this reason alone, has The Ladies' Home Journal not yet paid "a single penny to Dr. R. V. Pierce's concern." Dr. Pierce has simply chosen not to collect the judgment until the motion for a new trial has been decided.

In the light of these facts does not this boastful statement that it "has not paid a single penny to Dr. R. V. Pierce's concern" look like a cheap and common bluff, a half truth intended to mislead you?

During the trial of the libel suit against the above mentioned publishers, Dr. Lee H. Smith, Vice-President of the World's Dispensary Medical Association, stated under oath that the ingredients of Dr. Pierce's Favorite Prescription were wholly extracted from the following native roots: Golden Seal, Ripe Cohosh, Lady's Slipper Black Cohosh and Unicorn by means of pure glycerine of proper strength. He was asked how he knew, as a physician and experienced medical man, that the "Favorite Prescription" was a cure for the diseases peculiar to women, such as "female weakness," "wandering pelvic catarrhal," "drainage," "displacement," "irregular and painful periods," and other diseases of the womanly organs, and he stated that he knew such was the fact because of his professional experience and the many thousands of women whose ills, to his personal knowledge, had been cured by this "Prescription."

This experience of Dr. Smith was corroborated by the standard Medical Authorities of the several schools of practice, endorsing the various ingredients in the strongest terms. Dr. Smith being asked to name some of these authorities as to the curative value of the above roots read from the standard works, such as the United States Dispensary, The American Dispensary, Organic Medicines, by Grayson, C. M. D., Materia Medica, by Professor Finley Ellingwood of the Bennett Medical College, Chicago, "New Remedies," by Prof. Edwin M. Hale, M. D., of Chicago; Text-Book of Therapeutics, by Dr. Robert A. Hare, Prof. in Univ. of Pennsylvania; Laurence Johnson, M. D., Prof. in University of New York; Prof. John King, Author of "Woman and Her Diseases"; Professor John M. Scudder, M. D., Author of a treatise on "The Diseases of Women"; Horatio C. Wood, M. D., Author of "Therapeutics"; Roberts Bartholow, A. M., M. D., Professor of Materia Medica, Jefferson Medical College of Philadelphia. All these recognized and standard authorities praise, in the strongest possible terms, each and every ingredient which enters into the "Favorite Prescription" of Dr. Pierce for the cure of woman's peculiar weaknesses and ailments.

Dr. Pierce's Favorite Prescription is not advertised as a "Cure All" but admirably fulfills a singleness of purpose, being a superior and most positive remedy for one class of diseases only—those easily recognized weaknesses, derangements, irregularities and painful disorders peculiar to women. It is a powerful, yet gently acting, invigorating, tonic and strengthening nerve. For weak, worn-out, over-worked women—no matter what has caused the break-down—whether it be from too frequent bearing of children or from much worry, care, or over exertion of any kind, "Favorite Prescription" will be found most efficient in building up the strength, regulating all the womanly functions, banishing pain and bringing about a regular and healthy, vigorous condition of the whole female system.

What other medicine for women could stand such a test?

No invalid women can afford to accept a secret nostrum of unknown composition for this tried and proven remedy of known composition. Leading physicians often prescribe it because they know exactly what it is made of, and that the ingredients of which it is composed are the very best known to medical science for the cure of woman's peculiar weaknesses and delicate ailments.

GIRL CAUGHT BY TRAP.
Milwaukee Man Fires Box to Catch Tamperer With Mail.
Milwaukee, Nov. 5.—Frank Bader, superintendent for Ferry & Cline, architect, for some time believed that his mail had been opened and read by some one unknown. A trap was set. A box which on opening exploded a heavy percussion cap was fixed up and sent to the office for Mr. Bader. Soon after the mail arrived this morning an explosion was heard, and when the

employees rushed into the room they found Miss Lulu Ruscha, a clerk, in a high state of alarm and consternation. She was taken before Commissioner Bloodgood on a charge of illegally opening mail and held to the grand jury in ball of \$300, which was furnished.
Miss Ruscha denied before the commissioner that she had ever tampered with any other mail addressed to Mr. Bader. Her reason for opening it to day, she said, was that she had been told by friends that a Milwaukee woman was in correspondence with Bader, and she thought the address on the box looked like her writing, so she opened it.

K. U. vs. WASHBURN

Annual Foot Ball Game Saturday, Nov. 10th

Choice seats now selling at Stansfield's Drug Store. Get your seat now before best seats are all gone. 2000 people will attend the game from Lawrence. The biggest crowd ever on Washburn grounds will be there.

THE BATTLE OF THE STRONG

MY CERTAIN DIRECT METHODS LEAD ALL OTHERS

My treatment stands unsurpassed by any for excellent results, the careful care and comfort you enjoy and the uniformly correct character of my service. Ask my patients—they will tell you the same.

I see you in person and apply all treatments. This assures you of the best at all times.

Varicose Veins
I cure soundly and completely. My treatment is painless, and one that will preserve and strengthen the reproductive system.

Nervous Weakness

My treatment for "Weakness" is the result of years' special work in nervous disorders; the results I obtained are by direct methods and are not in common use.

You can be treated by mail. All correspondence strictly confidential.

Office hours—9 a.m. to 12, 2 to 5, daily; Sundays, 9 a.m. to 12.
